

Cut out both strips and attach the right end of first strip to the left end of the second strip.  
Lay the strip against the inside walls of the Zoetrope.

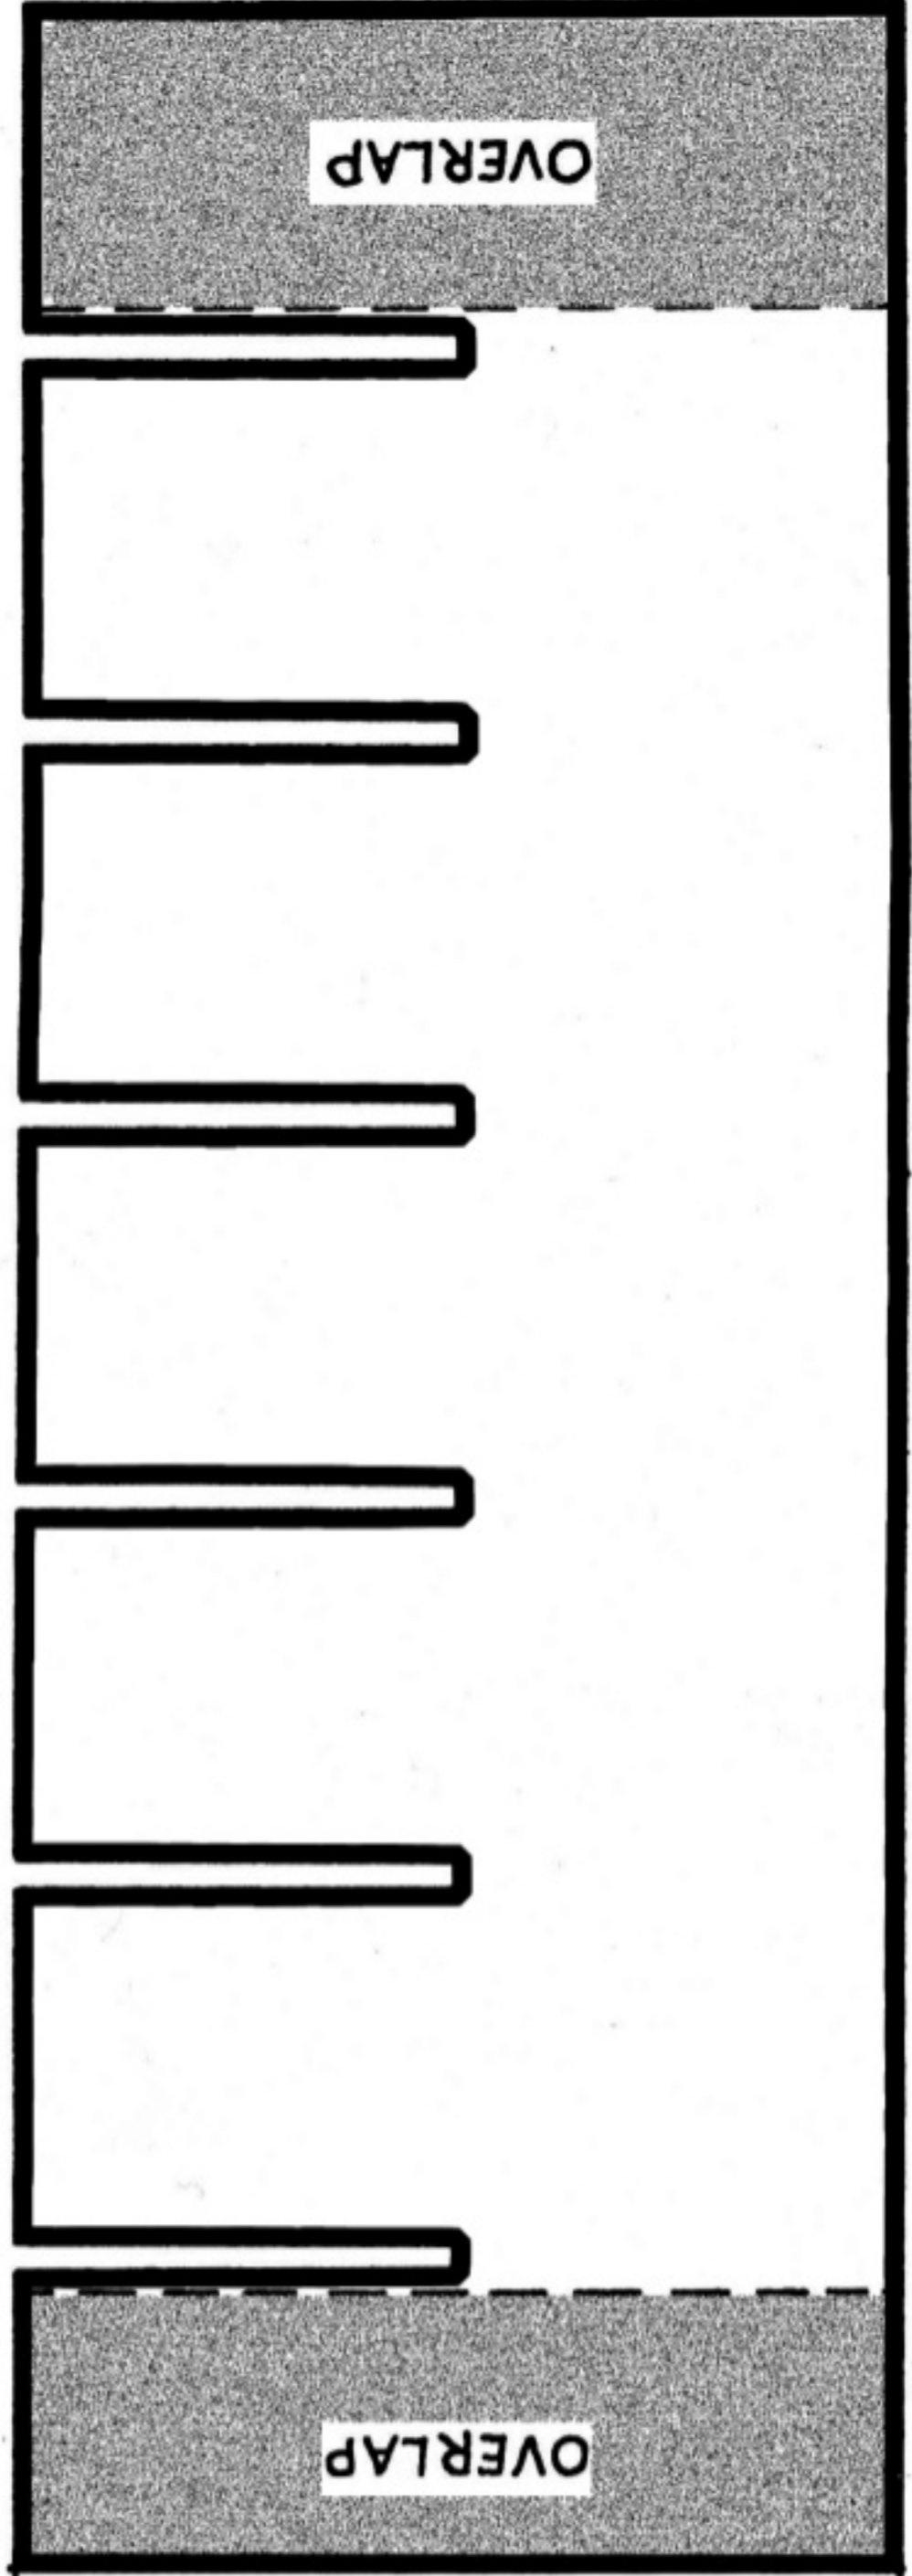

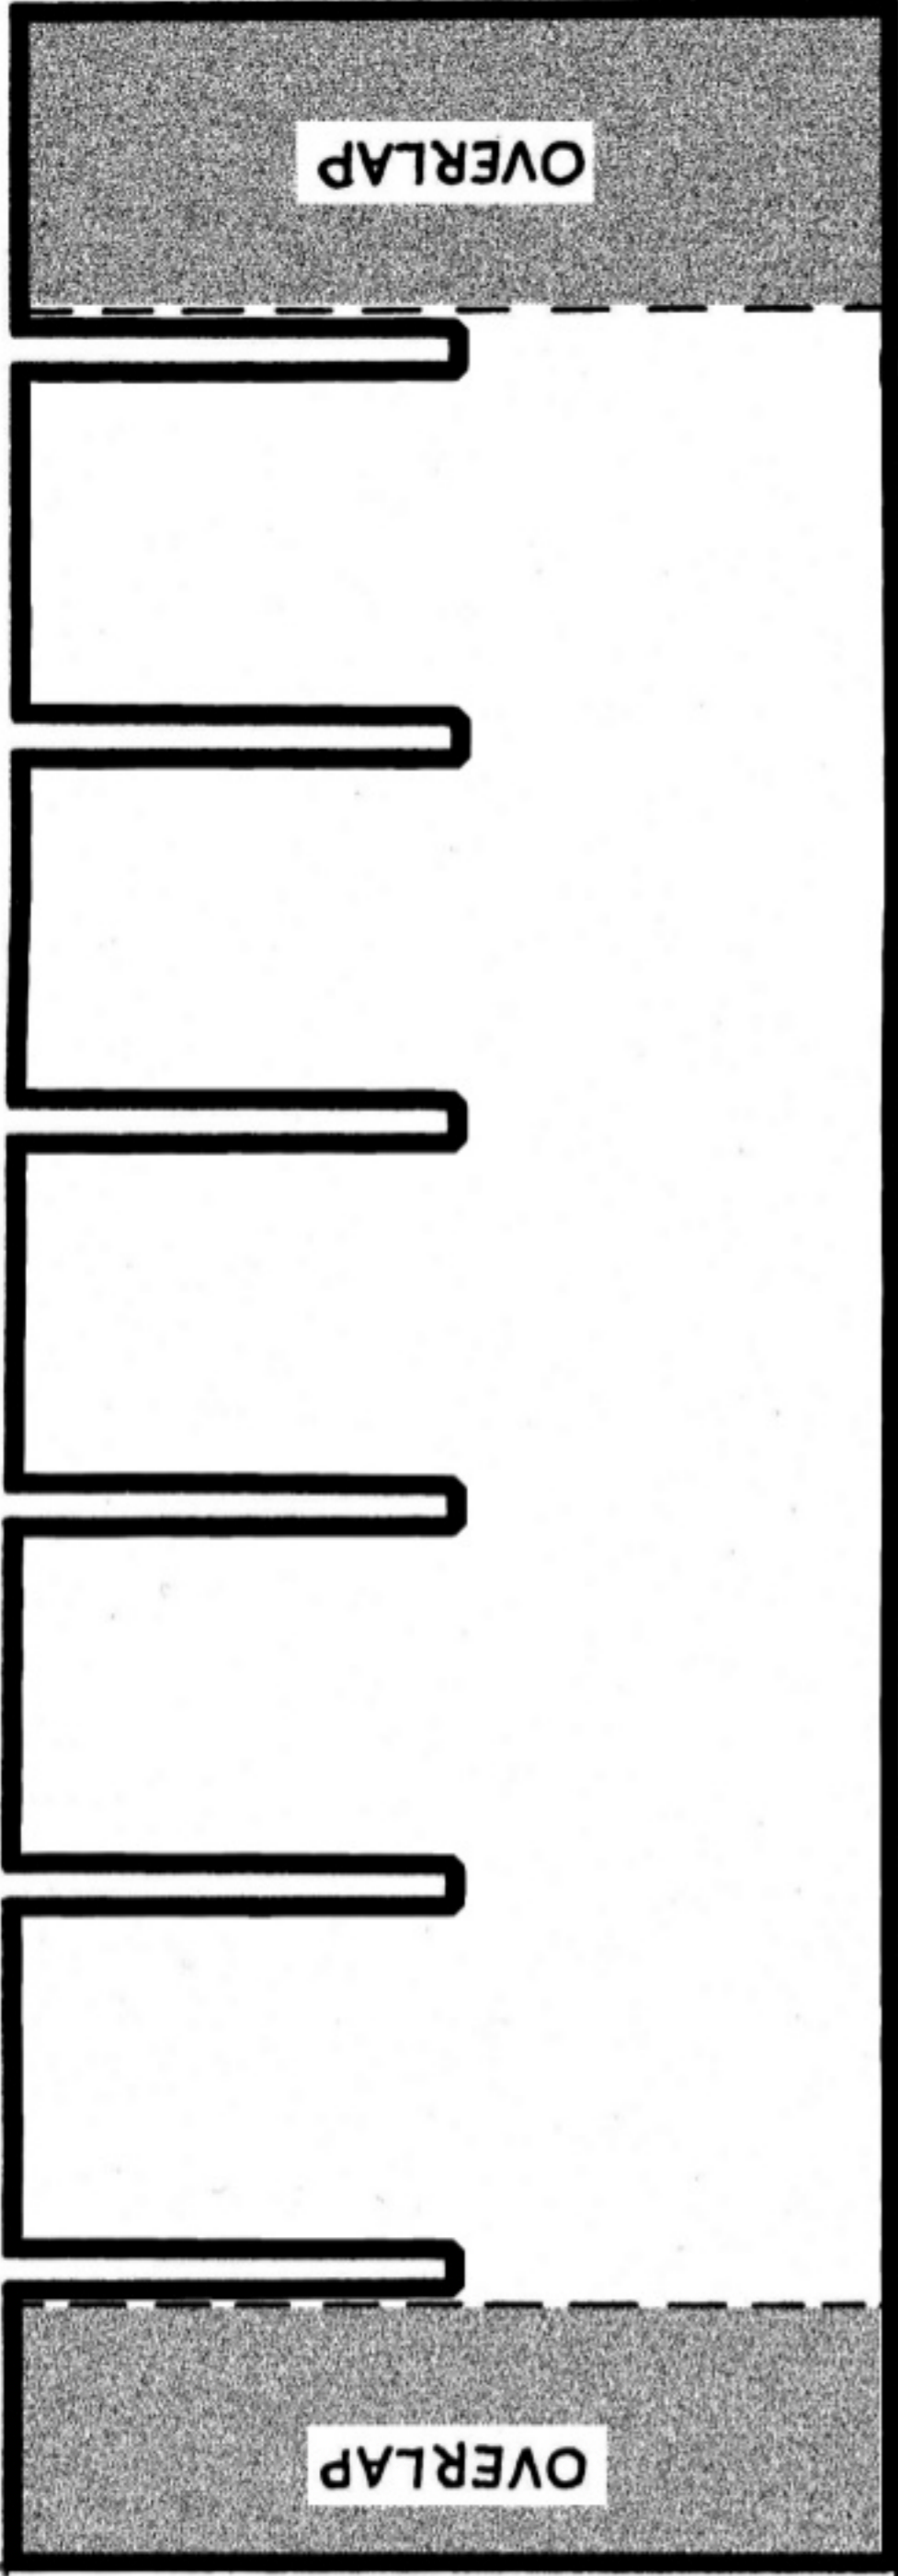

1. Print out every page on cardstock.
2. Cut out the outside of the Zoetrope found on the next page.
3. Staple the two parts together to make the walls of the Zoetrope.

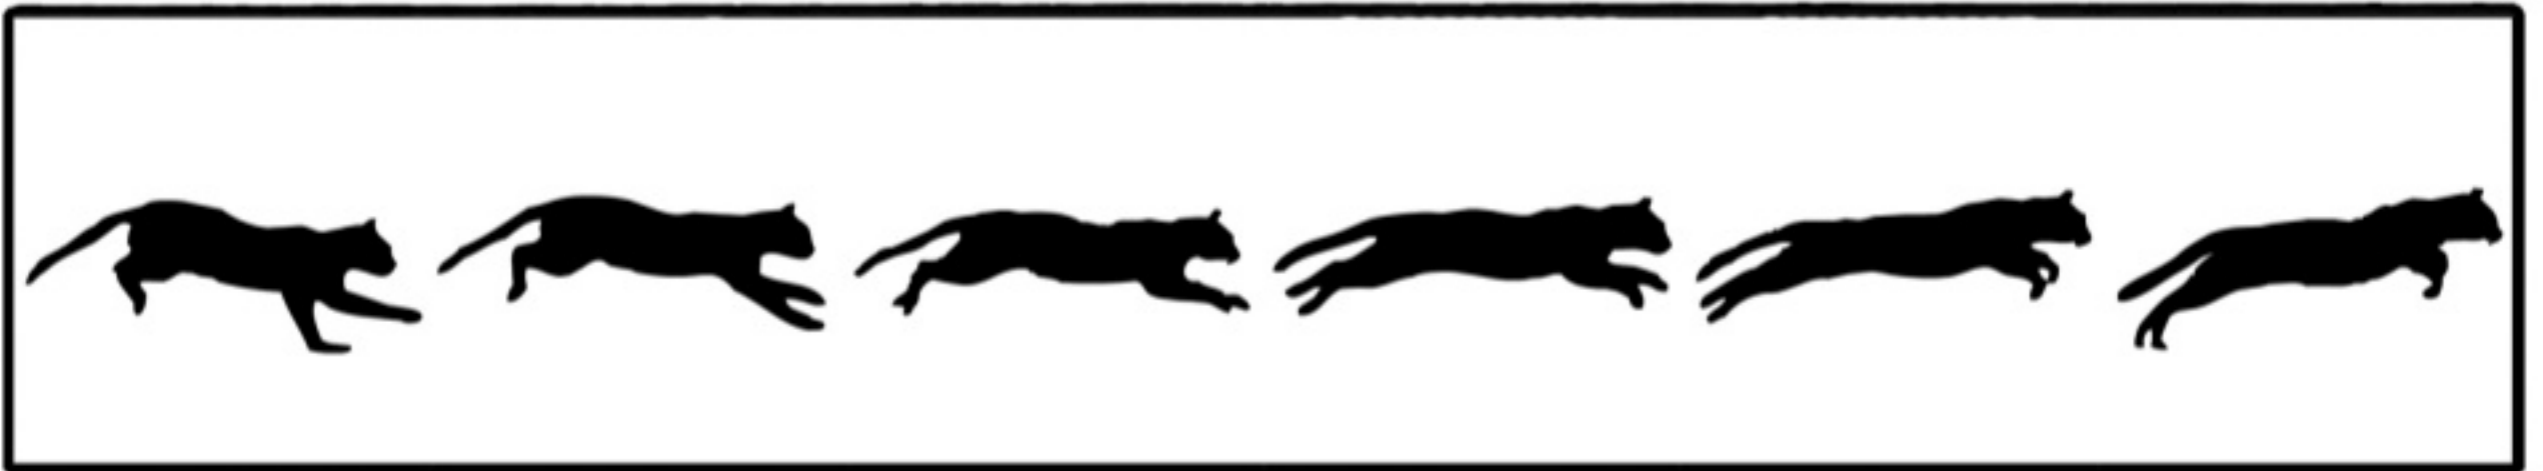

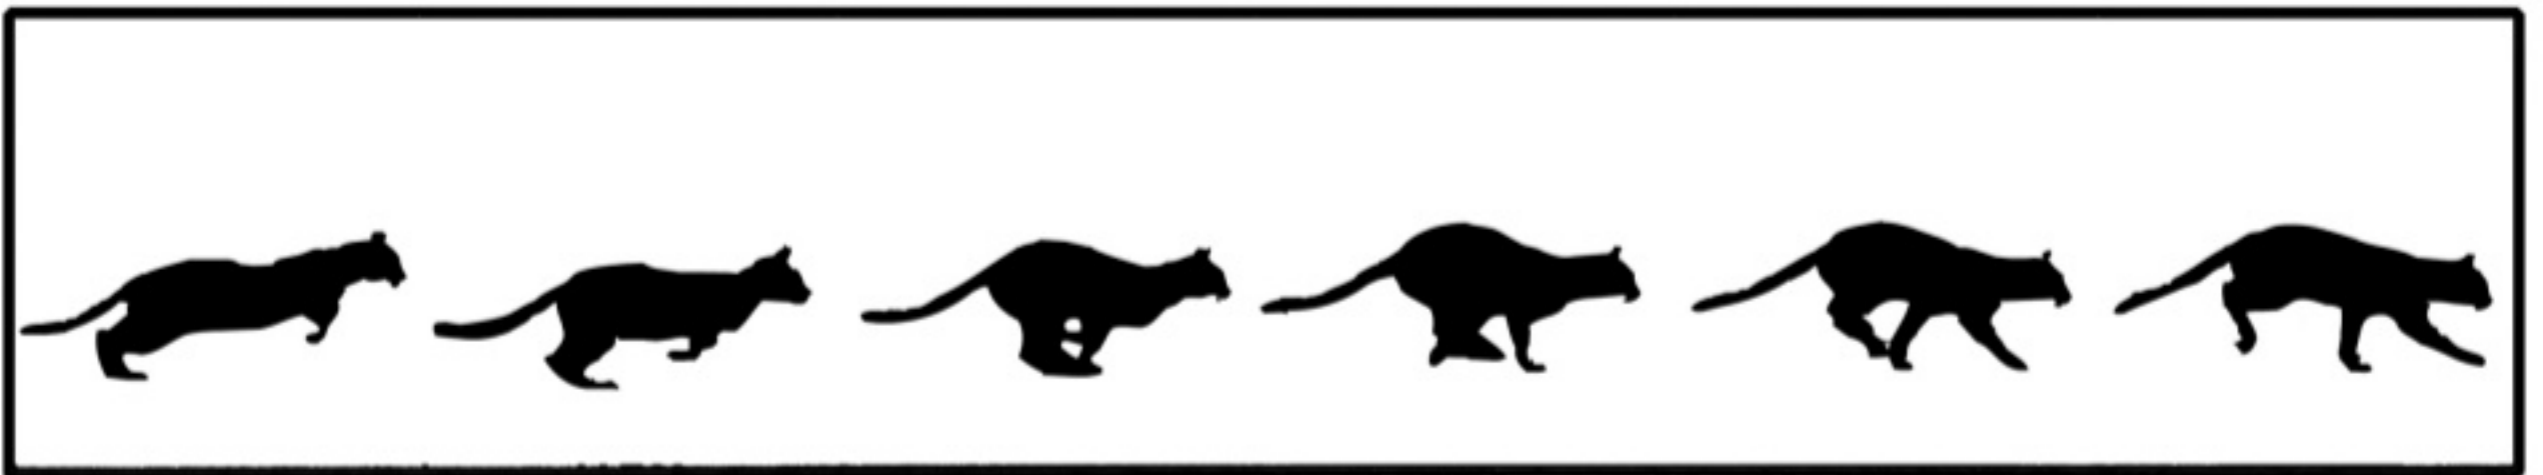

4. Cut out the base of the Zoetrope and tape it picture side up to the sides of the Zoetrope.
5. Push a thumbtack through the center of the base of the Zoetrope into the eraser of the pencil.

Zoetrope Base
